

# BEST OF BRITISH

## *Brand New Show*

Our show opens with a flag-waving British procession before stepping back in time with two of the early invaders: the Vikings with the animal horn and the Romans with their Cornu. From the Tudor period we feature the Sackbut and Cornett playing a typical courtly dance. We then see and hear the first type of Tuba, the snake-like Serpent originally used in the church.

In the Industrial Revolution we see how the valve developed with our unique valve machine. The Victorians performed music in their parlours; hear tunes from the time and see how they would have dressed. World War II songs were full of optimism - learn two of them as they are put together at the same time and then continue the patriotic theme in our tribute to 'The Last Night of the Proms' in a special suite with an exploding Tuba!!
